

SAHYADRI COLLEGE OF ENGINEERING & MANAGEMENT

Floor Plans - Cleaned Schematic Reconstruction

Sheets: Ground, First, Second, Third, Fourth, Fifth floor (each with its Workshop-wing inset).

Reconstructed from a blurry photo of the original wall plans. Room numbers and names were re-typed;
layout positions are approximate.

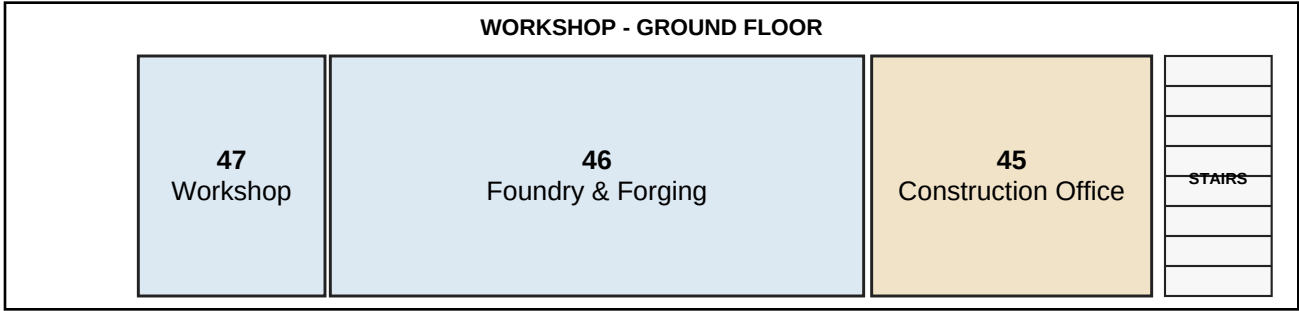

IMPORTANT: These sheets are NOT TO SCALE and carry no dimensions.

Rooms shown with unclear labels are marked '(unclear)'. Verify on site.

Third and Fourth floor class-room numbers on the west and centre wings could not be read.

For Mappedin: use these as a visual reference and label source only. Trace walls on a scaled
DWG/DXF or a scaled high-resolution scan of the original drawing.

Sheets are vector, so they can be zoomed without blur.

SAHYADRI COLLEGE OF ENGINEERING & MANAGEMENT
